

Congratulations on your purchase of the Coffee Maker Cleaning Products from Mr. Coffee Concepts. In a few easy steps you can clean any In Room Coffee Maker.

These simple instructions will help guide you through the initial set up and daily use of the In Room Coffee Maker Cleaner. If you need additional help please call Mr. Coffee Concepts at 800-9374100. We will be happy to answer your questions.

**The Cleaner Concentrate is simple to mix and use:
There are just two components:**

- **The five gallon drum of Cleaner Concentrate.**
- **The empty spray bottles used to apply the Cleaner.**

Mixing the In Room Coffee Maker Cleaner to the Proper Strength

1. Add Cleaner Concentrate to the spray bottle filling to the 6(six) ounce line, marked on the bottle.
2. Add fresh water to fill the remainder of the bottle.

The Cleaner is now mixed to the proper strength.

Using the In Room Coffee Maker Cleaner

1. Spray the decanter, brew basket, and cups to thoroughly coat all surfaces.
2. Using a glass brush or decanter cleaning brush, scrub to remove any accumulated deposits and other surface dirt.
3. Rinse the cleaned items with hot water.
4. **Immediately treat with In Room Coffee Maker Sanitizer.** (See separate instructions.)

The Cleaner and Sanitizer are an effective means of cleaning and sanitizing all In Room Coffee Makers and Coffee Serving Products.
